

Maintenance Choice®

An Enhanced Way to Fill Long-Term Prescriptions

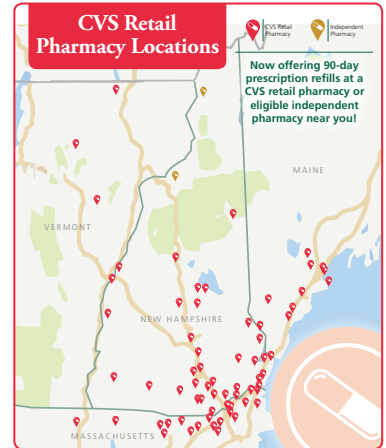

You asked...we listened! Now HealthTrust Enrollees have more choices for obtaining long-term maintenance medications (up to a 90-day supply). HealthTrust has added the CVS Maintenance Choice® program effective 1/1/2018 for all Member Groups, regardless of their renewal period.

HealthTrust Medical Enrollees can choose the most convenient option for obtaining up to a 90-day supply of maintenance medication:

- Utilize a CVS Pharmacy® whether here in New Hampshire or nationwide (including at Target locations); or,
- Continue to utilize the mail service program through CVS Caremark®.

What is a maintenance medication? Long-term medications are taken regularly for chronic conditions such as high blood pressure, asthma, diabetes or high cholesterol. For Enrollees who need this type of medication, the Maintenance Choice® program offers choice.

What is the benefit of this program? Using mail service or obtaining maintenance medications from a CVS Pharmacy® allows Enrollees to obtain up to a 90-day supply. Enrollees enjoy the ease and convenience of mail service, or they can pick up their medications at a time that is convenient for them at a CVS Pharmacy®.

CVS Caremark® Mail Service Pharmacy

- Reorder only once every three months — online, by phone or by mail.
- Receive medicine in private, secure packaging.
- Talk to a pharmacist by phone, any time of the day or night.

CVS Pharmacy® Locations

- Pick up medicine at a CVS Pharmacy® retail location that is convenient.
- Enjoy same-day prescription availability.
- Talk with a pharmacist face-to-face.

Plus, Enrollees can easily order refills and manage prescriptions anytime online through their secure account at www.healthtrustnh.org or on the CVS Caremark® mobile app!
